

POSTDOCTORAL RESEARCH POSITION

Regenerative Medicine and Neurobiology

McLean Hospital/Harvard Medical School

We seek outstanding candidates for POSTDOCTORAL research positions in regeneration studies specifically oriented towards new therapies for Parkinson's, Huntington's, ALS and Alzheimer's disease. The candidates should have a therapeutic focus and extensive knowledge in neurobiology and/or clinical neurosciences. Research involves animal models, gene therapy, neural cell culture, genetics and neurobiology.

To apply, please send your Cover Letter and CV to:

Prof. Ole Isacson
